We beg to call your attention to an amendment to the Public Statutes by the last General Court.

"The fiscal year of town and special school districts beginning February 16, 1917, shall end August 31, 1918, and thereafter the fiscal and the scholastic year shall end August 31, annually."

You will understand that the regular annual appropriation will be used from September 1, 1918 to August 31, 1919, and it will be necessary to appropriate additional funds to pay all school expenses until August, 1918. With available school funds I should think three hundred dollars would be sufficient for balance of the present fiscal year.
